Dear Leo,

On behalf of the Australian Acoustical Society, I am pleased to congratulate you on your 100th birthday and send you the very best wishes for continued activity and health.

We thank you for your long and extensive contribution to the science and practice of acoustics which is very much appreciated by Australians working in this field, in academia and in practice. We very much enjoyed your participation as our After Dinner Guest Speaker at the ISRA Banquet back in August 2010 where you regaled us with some very historical experiences.

We look forward with anticipation to the second edition of Acoustics and to your further contributions to acoustics in the future.

Warm regards,

Norm Broner
