Dear Per Brüel

On behalf of the members and board of the International Commission for Acoustics, I send you warm birthday wishes for your 100 years celebration.

Your lifetime contribution to acoustics has been outstanding and you have been a true leader in innovative technological developments relating to all aspects of quantifying sound and vibration. The achievements of the company you established with Viggo Kjær is still pushing the frontiers.

The wishes of the ICA echo those of many other acoustic groups and organisations around the world. To store these for the future the ICA has set up a web page at <http://www.icacommission.org/per.html> for congratulatory messages.

With very best wishes for a wonderful celebration on
6 March

Marion Burgess
